

Seeking to refinance our home mortgage, my husband heard an advertisement on the radio by Bobby Gunther Walsh. He stated The Mortgage Company in Allentown was the company to deal with. We have trust in what Bobby recommends so we called & made an appointment.

Upon talking to Steve Stelzman, we were impressed with his knowledge & understanding of the mortgage market. He was very thorough in his explanations of the various facets of this endeavor. We felt comfortable with him as he interacted with us very well on our lack-of- knowledge level. He was organized and made it quite easy for us to make the change. His manner is that of a very polished, finance-savvy gentleman.

We are pleased with the way Steve handled this matter. We have recommended The Mortgage Company to our family & friends.
