

The Mortgage Company Staff,

I would like to take this opportunity to express my sincere gratitude to all of you who have made my transition in purchasing another home a wonderful and warming experience. I would highly recommend this company to anyone. This was my first sale & purchase of a home personally. After my husband died, I was worried and scared of going through this process alone, you all have made me feel important and at ease. I truly am grateful!

God Bless You
Melinda A Frantz
