Dear Steve,

I can't thank you and your staff enough for making our dream come true! After living in our first home for 30 years, we never thought we would move; but our new home was "love at first sight". No one dislikes paperwork more than I do, and you made the financial end of buying another home as painless as possible. Any questions we had... you answered. We were always able to contact you and you returned our calls promptly. AND, there were no last minute glitches at closing!

We've been in our "Dream Home" for almost 6 months now, and love every minute of it. Thanks again for making it happen!

Sincerely,

Ralph & Deborah Nasatka
