

Dear Stan and Denise,

Thanks again for the excellent service you and your company provided. The advance went smoothly and saved us tens of thousands over the life of the loan, not to mention making our finances much simpler. What I appreciated the most was Denise following up with me when I got busy with work. Instead of just giving up on us, she stuck with us and treated us extremely well. Anytime the topic of mortgages comes up, I always mention The Mortgage Company to the people with whom I am speaking.

Best regards,

William Starbuck
