

6-25-09

Steve Stelzeman was a pleasure to do business with. His professionalism and attention to detail were impressive.

Our mortgage refinancing was simple, quick and painless - a marked contrast to the process we went through a year earlier with a local bank. With the local bank, we had to deal with more than one person, were given incorrect information, and had to supply the same information numerous times. None of this occurred with Steve and his company.

Sincerely,

Tom Malvon
